Messages Icons For MacbookIcons For Mac DownloadMessages Icons For Mac CatalinaText Message Icon On IphoneMessages Icons For Mac ComputersDesign an icon with a single, centered point that captures attention at a glance.. Dock icons are a quick way to bring a hidden window or application to the front so that you can work with it again.. The system applies a mask that rounds icon corners automatically Provide different sized icons.. Take a minute to look at the row of icons at the bottom of your display That row is the Dock, and those individual pictures are known as icons.. Include a simple background that doesn't overpower other icons Keep icon corners square.
